Subject: 2009 - 2010 Season Hall Lets
Follow Up Flag: Follow up
Flag Status: Red

The league committee met earlier this week to discuss a number of issues including the central match venue.

I have also learned that a number of clubs are facing significant increases in the cost of their hall lets.

We are looking at several venues for the forthcoming season and our bargaining power increases with the more court time we require. Payment will be the same as last season by means of two instalments one prior to the first matches being played and the second at the start of January.

All teams that played at the central venue are requested to confirm if they wish to continue playing at a central venue.

Any other clubs that may wish to start playing matches at a central venue are asked to contact me as soon as possible.

We require to make our booking very soon if we are to obtain sufficient court time.

Robin Ripley
