I Wright

Dear League Secretary

Proposal – for a select Ladies team to compete in the Men’s Doubles Section of the League.

I write as representative for a number of ladies competing in the Aberdeen and District Badminton League, who would like to develop and progress both, their badminton and area badminton by being exposed to a more competitive match scenario.

The ladies proposal is - a select team of 6 players chosen from ladies competing in the ladies section of the league are accepted as a new team for the forth coming season in the men’s section of the league.

In order to sustain the ladies league, players can only be selected if they are committed to playing in the existing ladies league.

Therefore, to strengthen ladies badminton in the area and in conjunction with the precedent set by the league for player development, I submit this proposal.

Yours Sincerely

Rachael Rennie
