

# Saturday 2nd July 1.00 – 4.00pm, PORTLETHEN COMMUNITY PLANTING DAY

The new Portlethen Community Woodland Site is magically taking shape; trees & hedgerows have all been planted and children's play areas created. All are most welcome to come play a part in developing this wonderful community resource by helping to plant wildflowers. This will make the site more beautiful and bio-diverse, attracting many more creatures to visit and make home there. Bring garden gloves and a trowel if you have one (we will have a limited supply).  
**MEET:** On site (end of Cookston Road – take connecting path running below the church on east side of railway). Parking available in church car park.  
**CONTACT:** the Kincardine & Mearns Ranger : 01569 768292
