Portlethen Moss	PLM076
------------------------	---------------

Grid Ref:	NO914965	Local Authority:	Aberdeenshire
Surveyed For:	Scottish Wildlife Trust	Survey Date:	20/08/94
Surveyor Name:	Fiona Everingham / Ian Tanner		

Site Notes**Damage****Impacts****Other Damage****Target Notes****Species Present****Site Notes:**

Site no longer exists.

Damage:

-Burning

Drainage [Peat Expanse]:	Dominant Drain Status:	Infilling
Drainage [Peat Margin]:	Dominant Drain Status:	Scouring

Impacts:

-Signs of animal influence

Grazing:	Severity: Insignificant
Trampling:	Severity: Insignificant
Enrichment:	Severity: Insignificant

Other Damage:

Domestic peat cutting - old
Damage extent: Widespread

Target Notes:

Site no longer exists

Species Present:

Agrostis canina
Agrostis stolonifera
Anthoxanthum odoratum
Arrhenatherum elatuis
Aulacomnium palustre
Betula pubescens
Calluna vulgaris
Cardamine amara
Carex curta
Carex echinata
Carex demissa
Carex nigra
Carex panicea
Chamaenerion ang
Cirsium arvense
Corydalis claviculata
Dactylis glomerata

Dactylorhiza maculata
Deschampsia caspitosa
Deschampsia flexuosa
Dicranium scorparium
Drosera rotundifolia
Dryopteris carthusiana
Dryopteris dilatata
Empetrum nigrum
Epilobium palustre
Erica tetralix
Eriophorum angustifolium
Eriophorum vaginatum
Festuca ovina
Galium palustre
Galium saxatile
Glyceria fluitans
Holcus lanatus
Hydrocotyle vulgaris
Hypnum cupressiforme
Juncus articulatus
Juncus bulbosus
Juncus effusus
Juncus squarrosus
Listera cordata
Lotus pedunculatus
Luzula multiflora
Myosotis scorpiodes
Nardus stricta
Narthecium ossifragum
Polygala serpyllifolia
Polytrichum commune
Potentilla erecta
Potentilla palustris
Pteridium aquilinum
Ranunculus acris
Ranunculus flammula
Rubus fruticosus
Rumex acetosa
Rumex acetosella
Salix caprea
Salix cinerea
Sorbus aucuparia
Sphagnum capillifolium
Sphagnum fimbriatum
Sphagnum palustre
Sphagnum papillosum
Sphagnum squarrosum
Stellaria alsine
Succisa pratensis
Trientalis europaea
Trifolium pratense
Trifolium repens
Ulex europaeus
Urtica dioica
Viola palustris
